I thought I felt something strange
When I saw you today
Was it all in my mind?
It's not like yesterday
Our time together was great
I was happy before

Now what I'm trying to say
I'm not sure anymore
There could be so many reasons
Excuses I could give
You deserve something more
Than a lie to forgive

Only time will tell
If this is really the end
Only time will tell
If our hearts will mend

Only time will tell
Just what might have been
I do wish you well
Only time will tell

And then without a sound
You just let me go
With your crying heart
You never let me know
You could have held on so tight
I could've run away
What you give to me
I know I can't repay
There could be so many reasons
Excuses I could give
You deserve something more
Than a lie I could give

Only time will tell
If this is really the end
Only time will tell
If our hearts will mend

Only time will tell
Just what might have been
I do wish you well
Only time will tell

I'm so scared and alone
No one knows my pain
Where did we go wrong?
I thought we were the same

There could be so many reasons
Excuses I could give
You deserve something more
Than a lie we would live

Only time will tell
If this is really the end
Only time will tell
If our hearts will mend

Only time will tell
Just what might have been
I do wish you well
Only time will tell
