Listen up everyone  
We have just been informed that there's an unknown  
virus  
That's attacking all clubs  
Symptoms have been said to be heavy breathing  
Wild dancing, coughing  
So when you hear the sound whooo  
Run for cover muthafucka  
Mmm, whoo, ah daddy, whoo, ah, oh, ooh

Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch

Misdemeanor on the floor, pretty boy here I come  
Pumps in the bunk, make you wanna hurt something  
I can take your man, I don't have to sex 'em  
Hang him out the window, call me Michael Jackson  
I'm a pain in your rectum, I am that bitch y'all slept on  
Heavy hitter, rhyme spitter, call me re-run  
Hey, hey, hey, I'm what's happening

Hypnotic in my drink, that's right  
Shake your ass till it stink, that's right  
Mr. Mo's on the beat, that's right  
Put it down for the streets, that's right

Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pass that dutch, come on pass the dutch baby  
Shake, shake, shake your stuff baby  
Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pop that, pop that, jiggle that fat  
Don't stop, get it till your clothes get wet

Number one, drums go bump, bump, bump  
This beat here will make you hump, bump, jump  
If you's a fat one put your clothes back on  
Before you start putting pot holes in my lawn  
Oh my God, show my God

Shove 'em under attack like my name was Saddam  
I am the bomb from New York to Milan  
And I can write a song sicker than Jeffrey Dahm'

Don't touch my car alarm  
Break in my car, you will hear viper armed  
I've been a superstar since Daddy Kane was raw  
I'm live on stage, come on and give me some applause  
Thank you, oh thank you  
You all are so wonderful

Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pass that dutch, come on pass the dutch baby  
Shake, shake, shake your stuff baby  
Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pop that, pop that, jiggle that fat  
Don't stop, get it till your clothes get wet

Listen up Muthafuckers  
You have 5 seconds to catch your breath  
5 4 3 2 1

Pop that, pop that, make that money  
Just keep it going like the Energizer bunny  
Shake that, shake that, move it all around  
Spank that, yank that dutch back now  
Freak him, freak her, whatever your choice  
Didn't come to judge, I came to get you moist  
Scream, now my voice is lost  
Can I get a ride on a white horse?

Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pass that dutch, come on pass the dutch baby  
Shake, shake, shake your stuff baby  
Pass that dutch, pass that dutch  
Pass that dutch, pass that dutch  
Pop that, pop that, jiggle that fat  
Don't stop, get it till your clothes get wet

Pop that  
Pass the dutch baby  
Jiggle that fat
