Tonight it's party time, it's party time tonight  
(Wat time is it)

Tonight it's party time, it's party time tonight  
(Holla holla)

Tonight it's party time, it's party time tonight  
(John D)

Tonight it's party time, it's party time tonight  
Check this out

A lot of hip-hop but y'all just small talkers  
Y'all could risk getting cut off like some knicker boxers  
Y'all gone flop and y'all better off playin' soccer  
Misdemeanor my demeanor be the club rocker

My flow proper keep my goodies in a locker  
Not a artist shocker but I am a shot of vodka  
Private stalker number one game talker  
When I start it up, there will be not one stopper

Fuck around and get your dome cracked like a cracker  
Matter fact I'll break your bones like a chiropractor  
Never slack up I rack up and leave you fractured  
On the curb wicky word wicky leave you fractured

Haters all in my face, can you please back up  
Hater smilin' in my face, you need to be an actor  
Beat jacker call for backup  
'Cause I smick smick smack ya now tell me who's bad

Tonight it's party time, it's party time tonight  
(Holla)

Tonight it's party time, it's party time tonight  
(Yes sir)

Tonight it's party time, it's party time tonight  
(John D)

Tonight it's party time, it's party time tonight  
(Check it)

Check it, most individuals swear they invincible  
Guys think I'm more important than the superbowl  
Rhymin' is a ritual now pay me my residuals  
'Cause everyday and all day you hear me on your  
stereo

I'm in the centerfold I make the guys lose control  
In the studio I'm droppin' hits from my booty hole  
Ya F in mulio, y'all don't want to test me yo  
'Cause when I'm done ya hair look like Coolio

Now please cool it Joe, Misdemeanor real pro  
Ficky ficko real pro wit a ficko ill flow  
I kick down doors and I rock many shows  
I put a tag on your toe and call you John Doe

Missy be the name and M.E. is my initials  
Forget about it like the world forgot Sisqo  
Take it to the club pop lock it to the disco  
Think you ought to know that it's 'bout to get physical

Tonight it's party time, it's party time tonight  
(Say what)  
Tonight it's party time, it's party time tonight  
(What time is it)

Tonight it's party time, it's party time tonight  
(John D)  
Tonight it's party time, it's party time tonight  
(Holla)

I don't care 'cause me do not fear  
Boom ti boom ri straight to ya ear  
Best beware when you come around here  
Don't you dare come unprepared

Misdemeanor watch dem suckerz sleep sleep  
Got dem keys to the jeep beep beep  
Misdemeanor put it pon ya leak  
Ride the beat on the 1 2 treat  
(Blah)
