To the beat y'all, play that beat  
To the beat y'all, play that beat  
To the beat y'all, play that beat  
To the beat y'all, play that beat  
To the beat y'all, play that beat  
(This is a Missy Elliott exclusive)

When you wanna go around the world  
(I'm ready)  
And if you want me to fight your ex-girl for you  
(I'm ready, I'm ready)  
If you need me to cook you meals  
(I'm ready)  
And if you want me to come and chill with you, boy  
(Suga' I'm ready)

You don't know, how you got me  
I've never been in so, but not me  
I'm the one who's own like to be  
Givin' up the eow easy  
Something you do, reminds me  
Friends be tryin' to stop me  
They can't believe you got me  
Givin' up the eow easy

When you need a backrub from workin' all day  
(I'm ready)  
Uhh, when you need a chick to come over right away  
(I'm ready like this)  
When you need me to wash your clothes, boy  
(I'm ready)  
When you need me on the phone to curse out the hoes  
(Suga' I'm ready, I'm ready)

You don't know how you got me  
I've never been in so, but not me  
I'm the one who's own like to be  
Givin' up the eow easy  
Something you do, reminds me  
Friends be tryin' to stop me  
They can't believe you got me  
Givin' up the eow easy

Boy, there ain't none quite like you  
Ask me and I'll always do  
'Cause I got this thing for you  
You know what a cat can do  
Boy there ain't none quite like you  
Ask me and I'll always do  
'Cause I got this thing for you  
You know what a eow can do

You don't know how you got me  
I've never been in so, but not me  
I'm the one who's own like to be  
Givin' up the eow easy  
Something you do reminds me  
Friends be tryin' to stop me  
They can't believe you got me  
Givin' up the eow easy

I'm ready, when your baby momma trips  
So just call me, come in doin' backwards flips  
My darling, would you like me bust her lips  
'Cause I'm ready, show you I'm the realest chick  
And I love you, I'll do what you want me to do  
I said I love you ,for you I'm more than a crew  
I'm Mrs. Do-right, can't go wrong with me  
I said R.E.D.Y, always on time  
Come on
