When you hear the song, role down yah window  
Let the music thump. yeah, thump, thump, thump,

Take a walk in the club, that's how I roll  
You look so so down, so so so so

Now, when you step out on the scene so fresh so clean  
Lookin' like a wet dream, you know what I mean  
It's about that, what time would that be?  
Wind yah waist line to the base line  
Slow it down, now get the beat right

Keep it movin, keep it movin
