Baby kiss the sky you will be free
Paint yourself the picture believe what you see
Everybody gonna slow dance on the moon tonight, yea
Baby kiss the sky and take off your clothes
Let the summer air liberate your soul
(Everybody) join the crossroad caravan tonight
(Earth, sun, moon and rain will live on)
We are all here learning to fly
Epiphany on the horizon
Welcome to a brave new world
Brother (kiss the sky)
You're alive and hear the sound
A million angels sing and dance around
Celebrate your life from higher ground
Baby kiss the sky in slow-mo now
Magic flows, it's a natural high
(Everybody) gonna see the world from where they are
Pilgrim, poet, painter and teacher

We are all here learning to fly
David, Goliath, Mary and Jesus follow to the promised
land
Brother kiss the sky
You're alive and hear the sound
A million angels sing and dance around
Celebrate your life from higher ground
Sister kiss the sky
And rejoice in who you are
You are strong you belong
On a shining star
Resonate your life from higher ground
[Oh]
You don't want to lose the moment
You don't wanna lose the feeling
Baby kiss the sky, you will be free
Kiss the sky
Yea ah cha ah
You don't want to lose the moment
You don't wanna lose the feeling
Baby kiss the sky
Baby kiss the sky.
