Without your love there's too much time here
Too much time to fill up time
Without your love there are no seasons
From the very first secret of our hearts
You were an island calling for me
I don't want to live without your love
We can't waste a single moment, yea
Don't ever want to live without your love
There's nothing real in this world
I defend, my defenses have gone
I pretend when inside I don't belong
Without your love
I know sometimes it ain't been easy (easy)
Living together with a guy like me
Without your love, there is no story (story)
How many loves could prove so rich a tale?
You were an ocean calling for me
(I don't want to live without your love)

We can't waste a single moment, yea
(Don't ever want to live without your love)
There's nothing real in this world
I defend, my defenses have gone
I pretend when inside I don't belong
Without your love, yea
Without your love
Say
Oh you know now darling
I will always love the sunlight in your hair
I see your face my darling
No, no
I don't
I don't want to live without your love
Don't ever want to live without your love
Said I don't want to live
I don't want to live without your love
Oh, oh forever
Without your love
Without your love
I don't want to live without your love.
