We've been through things
Feels like we've been to hell and back
And the ones you've lost
I'd give my life if I could bring them back
Bring them back, I'd give my life

And your self esteem might be low
From what people say, keep holding on
Hold your head up high
I promise, it's gonna be okay

I'm not perfect just like you
So come on, let me give you a hug
I got problems just like you
So don't nobody sit here and judge

I'm not perfect just like you
So come on, let me give you a hug
I got problems just like you
And everybody needs some love

When you're feeling bad
Some friends, they can't be found
Look around, look around, be found
'Cause some people love it
Just, just to see you when you're down

But it's okay, pick yourself up
Start over again, that's what you gotta do
If you try you will, you will succeed in the end
I know you will, oh yeah

I'm not perfect just like you
So come on, let me give you a hug
I got problems just like you
So don't nobody sit here and judge

I'm not perfect just like you
So come on, let me give you a hug
I got problems just like you
And everybody needs some love

Shake a hand, shake a hand, y'all, come on
To every woman, every man y'all, come on
Tell a friend, tell a friend, y'all, come on
'Cause united we stand, y'all, come on

I'm not perfect just like you
I'm not perfect just like you
I'm not perfect just like you
I'm not perfect just like you
