And there she came to me
In a flash of serenity
Her braces twinkling
Her feet above the sea
Her hair so brilliantly
Shining down on me

All dressed up in innocence
Her smile so willingly
Truer than a movie star
She's pointing right at me
An arrow at my heart
Is she my reward?

And I became a healthy man
Since that day, since then
I'll never see the sea recede
As long as she
As long as she

She looked like a miracle
A long forgotten dream
A wish that had turned old
A page remained unseen
A song that I had sold
Long ago

Yes she really came to me
She jumped up from the backseat
And threw away the mirror
And got down on her knees
Begging me begging me begging me
Begging me please
To be hers

And I became a healthy man
Since that day, since then
I'll never see the sea recede
As long as she
And I became a healthy man
Since that day, since then
I'll never see the sea recede

As long as she
And I became a healthy man
Since that day, since then
Iâ€™ll never see the sea recede
As long as she
As long as she
