It's so subliminal my love
It makes me keep on thinking
It makes me keep on singing

It's so impossible to care
When my mind keeps me
From breathing solid air
I need it now
I need winds to keep my arms
From holding too tight
I need wings to release me
From all what might

It's so subliminal my love
It keeps me from believing
It keeps me from receiving
Give me oblivion to go on
My body needs some leaving
Solid ground
I don't need that now
I need a lot of light engineers to do the final take-off
I need experts in water
To wake up
To wake up my love

Do you want some
Of my heart?
Do you need some?
It will be singing
Wanna taste some
Of my heart?
Please taste some
Come on and taste some

Singing
Singing

Give me oblivion to go on
My body needs some leaving
Solid ground
I don't need that now
