It is meant to be like this  
Or is my life just another mistake  
I am afraid of everything I am  
Shadows are passing my by  
And I can hear him again

And I can't forget you and I can't ever forget you  
And I can't let you down  
For the things you have done for me

The voices in my mind are back  
And I am all empty inside  
I have no feelings left at all  
I am afraid I have no one, no friends  
But they said just try to remain calm and don't let it get  
to you  
But I want some answers now

And I can't forget you and I can't ever forget you  
And I can't let you down  
For the things you have done for me
