Watching all the people that I wish I was.
I'm hoping for the chance, the chance to fall in love.
I'm wishing that somebody would stop and look at me,
Hoping I am someone that they wanted to be.
Watching all the people that I wish I was.
I'm hoping for the chance, the chance to fall in love.
I'm wishing that somebody would stop and look at me,
Hoping I am someone that they wanted to be.

I wish somebody cared about me.
I wish someone would listen to me.
I wish they wouldn't talk about me,
And I wish that today...
Today would be the day...
Things would go my way...
That things would go my way...
Today.

So as I sit and write these songs,
I think about just how long,
It's been since I have felt that day,
But now that day seems far away.

I wish somebody cared about me.
I wish someone would listen to me.
I wish they wouldn't talk about me,
And I wish that today...
Today would be the day...
Things would go my way...
That things would go my way...
Today.

So as I sit and listen on,
I know that all the time is gone.
But still I'm left without a trace,
And a sad look upon my face

I wish somebody cared about me.
I wish someone would listen to me.
I wish they wouldn't talk about me,
And I wish that today...
Today would be the day...

Things would go my way...
That things would go my way...
Things would go my way,
Today,
Today,
Things would go my way.
Today,
Today,
Things would go my way.
