Lie in bed
Thinking back to the time
When everything you said
Felt alright
I'll think of you
It's half past two
Can't fall asleep when I'm without you
And all this time
(I'm thinking of you)
And hoping that you're thinking of me too

So I cry
Myself to sleep tonight
Cause I know
Tomorrow you'll say goodbye
And I cry myself to sleep tonight
Trying to shake these nightmares
Out of my mind

Can't fall asleep when I'm without you
And I'll try and find
Something else to do
Think of me
It's half past three
Can't fall asleep because it's eating me
And all this time
(I'm thinking of you)
And hoping that you're thinking of me too

And today
I saw your gaze pass me by
You were staring
Right at that other guy
And I know
Those three stupid words you said
Keeping me from getting you
Out of my head

So I cry
Myself to sleep tonight
Cause I know
Tomorrow you'll say goodbye

And I cry myself to sleep tonight
Trying to shake these nightmares
Out of my mind

And today
I saw your gaze pass me by
You were staring
Right at that other guy
And I know
Those three stupid words you said
Keeping me from getting you
Out of my head
