Come on in,
Take off your jacket,
Hope the traffic wasn't hard on you dear.
Thanks for making the drive,
Girl, I apologize,
Lately, I just ain't been thinking so clear.

Please have a drink, I'll have another,
Excuse me if I'm pacing the floor,
I'm not the nervous type,
But I'm nervous tonight,
Never been in this situation before.

Oh, it feels like love,
Ya, it feels like love,
Don't know what else it could be,
Honey it's true, I don't know 'bout you,
But it feels like love to me.

By now you know me, I'm rather simple,
Set in my ways, used to livin' alone,
Only one night stands, come and go girlfriends,
But that all changed the moment you came along.

I met your mama, I met your daddy,
Your best friend and your kitten too,
You let me in real deep,
And it's no secret to keep,
I'm falling head and heels over you.

Oh, it feels like love,
Ya, it feels like love,
Don't know what else it could be,
Honey it's true, I don't know 'bout you,
But it feels like love to me.

I wanna plant a garden,
Wanna tend the seed and soil,
And beg for nature's pardon, (oh)
What beautiful fruit we'd spoil.
(Yeah, yeah)

Does it feel like love,
Does it feel like love,
Give me some kind of clue.
I'd be as happy as any man has ever been,
If it feels like love to you.
Does it feel like love to you,
Oh, it feels like love,
Ya, it feels like love,
Oh, it feels like love,
Ya, it feels like love,
Oh, it feels like love.
