The leaves are fallin down
The air is cool and clear
It's a seasonal change
And the night we've waited for is here
And we've exchanged the rings
And we've taken the vows
The ceremony's over baby
And the honeymoon is starting now

This is the first dance
But it won't be the last
Timeless moments like this
They won't ever be a thing of the past
We'll spark a candle tonight
An eternal flame of romance
When the honeymoon is over baby
I'll still move you like the first dance

I've been scared as hell
Cause I've heard how the story goes
You get married and you settle down
And the passion withers like a rose
But I refuse to lose
This thing we have together
And I'll keep the fire burning baby
Burning both ends of forever

This is the first dance
But it won't be the last
Timeless moments like this
They won't ever be a thing of the past
We'll spark a candle tonight
An eternal flame of romance
When the honeymoon is over baby
I'll still move you like the first dance

I see heaven in your eyes
And feel god movin in this room
Ain't love the greatest gift of all
Ain't it amazing what desire can do

This is the first dance

But it won't be the last
Timeless moments like this
They won't ever be a thing of the past
We'll spark a candle tonight
An eternal flame of romance
When the honeymoon is over baby
I'll still move you like the first dance

Yeah I'll always turn you on
And move you like the first dance
