Watch me riude the sky  
with anger and rage.  
Hear me rule the air  
making lightnings all around  
with my hammer of magic steel.  
My thunder shakes your ground.

With my powerbelt  
and my magic hammer of death  
I'm the titan number one.  
Admire my successful crusade  
as I'm victorious up high.  
Behind my goats  
I'm crossing the clouds,  
smashing gianheads  
to splinters reallt loud.  
So hail my existence in songs of glory.  
Immortalize me in tales and stories.

Chariot of power.  
Defending the wolrd,  
protecting the welkin in my  
chariot of power.
