Music: Nirag, Baalzephon & Nagrinn / Lyrics: Karagat

I drive the black moon rising  
My whip is the words that infect your mind  
I am the blacksmith who brought you chains  
And you begged me to chain you blind

Take these chains - They're truly cold  
Given mind sacrifice - Chosen blindfold

You caused yourself your madness  
Made yourself so weak  
Dreamed of a twisted freedom  
Buried so far beneath

Misanthropy - You place the chains that I gave you  
So pleased - Exhibit your mind for all to see

Arrangement of the chaos order complete  
Entwined within the obscurity elite  
Use your own blood, incest  
Perversion of anger displacement

Complex being vortex  
Lost in angels light

Arrangement of the chaos order complete

Entwined within the obscurity elite  
Use your own blood, incest  
Perversion of anger displacement

Complex being vortex  
Lost in angels light

Refuse to be placed  
Fight them till the last drop  
And paint your body in their blood

Be the hand of justice  
The shadow that fell on me  
The salvation poison rain

Why stand with your mouth open wide

And when you speak of your superiority  
Why is your tongue green of lies

Complex being vortex  
Lost in angels light  
Complex being vortex  
Lost in angels light

You caused yourself your madness  
Made yourself so weak  
Dreamed of a twisted freedom  
Buried so far beneath

Take these chains - They're truly cold  
Given mind sacrifice - Chosen blindfold
