Music: Nirag & Nagrinn / Lyrics: Karagat

Streaming, they run on the naked skin
Forcing their way through, that which is untouchable
Staring from the ruins, eye of the shadowden

Infecting in every form, wanted seen unseen
So pale yet beautiful, a kiss of desired death
Crawls underneath pulsing, scars icons frozen
Choking all breathing, until nothing remains

They come in shapes of reflections in black
So cold in every aspect of humanity
Timeless unspeakable their venom flowing
Once encountered your eyes are dripping with poison

Infected, the mind is burned with fire
Frozen within the shadows, in the embrace of night
Abducted, that which was before all time

Ripped by the hands of the unkind, spirits of the
shadowden

They lurk where unseen waiting with infinite calm
Their endless bloodthirst rising and pulsing eternal
Beyond all land behind the stars they're stalking
From the eye of the shadowden feel them watching

With demon eyes

Figures of unspeakable forms enchanting
Raging towards all that breaths beholding
Locked in time for all time feel them crawling
Lost in a world of hate hear them calling

Creatures of the realm, rise come forth
Accept what awaits, forged in fire
Speak thy words, and conquer all
Eye of the shadowden
