

Mister Mr "I Get Lost Sometimes"

Visit "[I Get Lost Sometimes](#)" on MotoLyrics.com

Sometimes I roam the night
I come home in the morning light
I guess sometimes I get carried away

But you know me really good
You don't do what you think I should
But somehow you know it's gonna be okay

CHORUS:
I get lost sometimes
But you find me
I get lost sometimes
But you find me
I get lost sometimes

She wakes up to the telephone
Come and drive your boyfriend home
He gave us your number - he's feeling no pain

The little girl she understands
She loves the boy inside the man
Just hurry back to mama - back to mama she say

CHORUS

She got magic - I know it
She got magic - I know it

CHORUS
