We
We must go on now
Wherever people go who go on together
And now
Try to hold on now
Too many of us have run
Run out of the circle

Are you listening
Are you breathing
I need you near me
No I'm not leaving
I'm in no hurry to do this alone

CHORUS:
I am standing here
My arms open wide
I am waiting here
Heart in my hand on the border

Every step we take gives us
The strength to go on
And all the love we make
Gets us closer to home

Dreams
Dreams may seduce you
But sooner or later they're gone
And you're back where you started
Look
Look at these scars now
How many wounds does it take
Before we are healing

Can we go on now
From what we have done now
Yes we must go on
Our questions unanswered
I know what we're after
Is right here in our hands

CHORUS

I can see it all so clearly now
I can hear your voice in a song
And it burns down inside my soul
Takes me down this winding road
We can find our way back home

CHORUS
