Hidden in your mind  
Beyond your imagination  
Where the dreams die  
But reality's a dream

Memories from the past  
And sad visions for the future  
Will come to you  
When the realms of death arrive

Through the caves of the unknown  
Through the abyss of your thoughts  
You will find the truth  
In your sickest fantasies

And the night is so dark  
And so long to be asleep  
And to dream with things  
That you wish better forget

Morpheus is descending  
From the throne of the dreampower  
Prepared to rule your life  
And to guide your dreams

He's the lord of dreams  
He's not man nor beast  
He controls your thoughts  
And the nightmares that you see

The night becomes a hell  
Where the demons dwell  
And this endless torture  
Won't let you rest

The dead raise from the tombs  
And they'll come for you  
And if you are caught  
Then you'll be lost

I want to get away

To a place where i can rest  
And i want to escape  
From these dreams of death

I want to get away  
To a place where i can rest  
And i want to escape  
From this dream's domain
