ohhh! lady of chaos  
she woke up the bad power  
sticking in the humans soul  
flowing through the misty moor  
she was creating pain in thoughts  
he tears like pearls of fire  
make a suffering when she cries  
her breath is like the icy wind  
freezes remains of childhood  
blood from her hands and feet  
spelled into deadly poison  
filing your throat with sweetness  
burning your heart with fire  
created from burning matter  
flowing over the moor  
destroy innocence with odour of corpse  
ohhh! lady, lady of chaos  
harder, harder drowing in vengeance  
harder, harder drowing in revenge  
will hit when the fear is the greatest  
with mighty poison will traint your debris  
flowing over the world  
the death was born!!! born!!! born!!!  
ohhh! lady of chaos
