Wipe fresh curds of love from your cunt
Lick the spit out of your bowl of sick
Fucking drugged up whore

Rim the stink hole with scaled tongue
Cancer cunt wet, gaping wide for stupid little meat

Smashed glass broken bottle cunt tabber
Theirs is not to question why
Theirs is butt to fuck and lie

Take your heel out of my asshole
And smash me in the fucking face

Stabbed so full of needles and hate
I'll vomit the words 'I love you'

Mistress show us, filthy broken whore
You might be a cheap slut
But I'd still love to fuck you
