She didn't want me to love her
I should have taken her advice
I could have got me another
I won't make the same mistake twice

CHORUS

I need a lover's vacation
Take a trip away sometime
I can't forget our relation
It was so hard to find
Mistrusted love
Running away with my mind
Mistrusted love
Running away with my mind

I should have split on the double
But it was hard just to move my feet
Now it's got me in trouble
Can't seem to throw away a life so sweet

(Chorus)

When I look into your eyes you make me stomp the
ground
When I look into your eyes, girl you make me stomp the
ground
