Blood- sign of life  
A kind of living I always wished  
Human sacrifice  
To satisfy my intense need

Immortal- eternal youth  
Marching the times but I'm here forever  
Sleeping all day  
To hunt a victim when the night falls

Darkness descends upon the earth  
Hungry for blood I will attack  
My jaws are arising your neck I will bite  
Blood makes me hard in my solitude through centuries

I am a vampire  
Living for all eternity but I'll always be damned  
I am a vampire  
Cruelty and pain- what I need to survive

Resting in my coffin  
Waiting for the night  
I'm hated for the mass  
They want to hunt me

Protected with a crucifix  
Garlics and holy water  
They will come to me  
With stakes in their hands

Darkness descends upon the earth  
Hungry for blood I will attack  
My jaws are arising your neck I will bite  
Blood makes me hard in my solitude through centuries

I am a vampire  
Living for all eternity but I'll always be damned  
I am a vampire  
Cruelty and pain- what I need to survive

Wolf- my eternal guardian  
Will warn me so I will escape

It's hard to live always hidden  
But it's the price I have to pay

Darkness descends upon the earth  
Hungry for blood I will attack  
My jaws are arising your neck I will bite  
Blood makes me hard in my solitude through centuries

I am a vampire  
Living for all eternity but I'll always be damned  
I am a vampire  
Cruelty and pain- what I need to survive
