Hey!
Hey you know here I am
I'm here now
Here I am, I'm standing
I'm right here
Here I am, on my legs
I'm standing, standing here
Under me there is a place
And I'm standing on it
Here I am
And I'll be here forever
Unless I move over here

Remember how we dreamed
Remember how we screamed
The vegetables were steamed
The people that we seemed to know there There I was
just a minute ago
But I'm not there now, no
I'm here, here again
But a different here
An eternal here, and eternal now
And I'm walking, I'm moving
I see you
My eyes are looking
I know you're there
Because at the end of my look you're there
I have eyes in my head
And I love you
When I look at you, you sometimes see me
If you're looking at me
And if you're not looking, then you don't
But I love you, I love you

Remember how we dreamed
Remember how we screamed
The vegetables were steamed
The people that we seemed to know there

I love you
I'm all alone
I'm here in my house alone

And I think of you
Lying in my bed
I look over out of the window
I see your face
And I'm frightened
'Cause I live on the eighth floor
You must be really, really tall
You scare me

Remember how we dreamed
Remember how we screamed
The vegetables were steamed
The people that we seemed to know there

Don't forget
I'll be here
You know where I am
Eyes in my head
Teeth in my mouth
Legs on my body
Hey.
