Life never turns out how you think
You're floating through complacency and then you
start to sink
On the plane
I left behind the life I knew
But little did I know that I'll be landing next to you

I'll walk the walk
I'll fight the pain
Keep calling him by his first name
Basically a childhood friend
My poorest heart
Saught up the rain
Come ring it out so I can soak you in
Let the story begin

From the desert to the trees
And from alone, to you and me
I promise you I'll always be
Just be on the reach of the sun
In the shade my life has finally begun

Blossaming

Consider this my fairest warning
Now that I met you I'll never let you go

I'll walk the walk
I'll fight the pain
Keep calling him by his first name
Basically a childhood friend
My poorest heart
Saught up the rain
Come ring it out so I can soak you in
Let the story begin

From the desert to the trees
And from alone, to you and me
I promise you I'll always be
Just be on the reach of the sun
In the shade my life has finally begun

Blossaming

This can not be
Has swallowed me
And I don't ever want to leave
This can not be
Has swallowed me
My life has moved from brown to green

From the desert to the trees
And from alone, to you and me
I promise you I'll always be
Just be on the reach of the sun
In the shade my life has finally begun
