Jacob Black
She's not coming back
La Push has come to shove and she's through with you
Don't cha see your just a dog to me
If you come near her again I'll eat you too

First ya missed her
Then ya kissed her
I'm just watchin'
You think your fine
I'm waiting
Contemplating
Don't cha screw up
Or your mine
First ya missed her
Then ya kissed her
I'm just watchin'
You think your fine
I'm waiting
Contemplating
Don't cha screw up
Or your mine

Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And it's time for you to face the truth
Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And she's still way to good for you
Watch your back cause who knows what I'll do
Jacob Black I've got my eye on you

The other day
I thought I heard ya say
May the best man win but I see through your ploy
You may think
That you are on the brink
Of winning her love but you are just a boy

First ya missed her

Then ya kissed her
I'm just watchin'
You think your fine

I'm waiting
Contemplating
Don't cha screw up
Or your mine
First ya missed her
Then ya kissed her
I'm just watchin'
You think your fine
I'm waiting
Contemplating
Don't cha screw up
Or your mine

Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And it's time for you to face the truth
Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And she's still way to good for you
Watch your back cause who knows what I'll do
Jacob Black I've got my eye on you

You were there to save her life when I was far away
Differences aside and I say thank you anyway
The bigger man will shake your hand and pretty soon
you'll see
That in your mind your kissing her in life she's kissing
me

Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And it's time for you to face the truth
Your nothin' but a dog
Nothin' but a dog
Nothin' but a dog
And she's still way to good for you
Watch your back cause who knows what I'll do
Jacob Black I've got my eye on you
