I loved those few months
I wish that things stayed the same
But all of that changed, when your cold one came
For a moment I was your sun, but now he's back
And all I can do is run

Where did you go? (Where did you go?)
Girl that I know would never do this
We'll all grow old
You'll have no soul
Is that your pure bliss?

Wake me up from this awful dream
If he changes you I think I'm gonna scream
Can't you see I'm not thinking of me?
I'm just trying to save you from yourself.

I loved those few months
I wish that things stayed the same
But, all of that changed when your cold one came
For a moment I was your sun but now he's back
And all I can do is run
Where did you go? (Where did you go?)
Girl that I know would never do this
We'll all grow old
You'll have no soul
Is that your pure bliss?

Wake me up from this awful dream
If he changes you I think I'm gonna scream
Can't you see I'm not thinking of me?
I'm just trying to save you from yourself.

Wake me up from this awful dream
(I loved those few months, I wish that things did the same)
If he changes you I think I'm gonna scream
(But, all of that changed when your cold one came)
