Yo
Hey
Whussup?
Chillin'
Word
Working

Yeah, nahmsaying?
Well, when you coming home?
I'm a be there later on
Well look, we need to talk
Ah boy
Yo listen, check this out

Last night I had a dream, it had me opened like a fiend
I remember its me you, the moon and ocean breeze
My heartbeat increased, like I see a roach of D's

I relax 'cause of these words you spoke to me
You said, "You wanna feel me", inside you, conceal me
I belong to you, no other woman can steal me
You mentally attached, essentially in fact
What you give is so real, you know I had to give it back

How I feel don't even matter, if I ain't expressing
Affection, my mind was infected you healed me
We destined, your beauty so addictive
I can't deny your presence

So pure, I got to add cut to stretch it
Your all I need in this world to succeed
I won't let you go 'cause I can see you trust me
I never, leave or deceive you
And if its understood, then we can be together
'Cause you treat a nigga good

All I need is you
In my life, to be down with me
All I need is you
To hold me and to make me see

All I need is you

To be there in my time of need
All I need is you
I'll be there when you need me to be

When I was running the streets, I know you wanted to
leave
Especially the time, you found a nine in my jeans
But you persevere, gave work and tears
That's why I'll never desert you or hurt you, yeah

I used to keep feelings concealed, now I reveal em'
I was hustling to get right, now we chillin'
All my mans staring at the ceiling, thinking of children
And any other situation, we might deal with

At first I was hesitating, making a commitment
Now I see you different, so many ways
I need a queen like a king, did he pray Egyptians days?
And it seems you been afraid, I might get into things

That might put me away for years, save your fears
Listen ma, let's get one thing clear
I never leave you, deceive you, and if it's understood
We could be together 'cause you treat a nigga good

All I need is you
In my life, to be down with me
All I need is you
To hold me and to make me see

All I need is you
To be there in my time of need
All I need is you
I'll be there when you need me to be

Yo, I'm not the type to have a next chick calling your
phone
Come see you at night and then the morning you alone
I keep it a real with you, like my connects you got it
good
I need to deal with you, I've yet to leave the hood

But I'm still with you, every time you need me, I'm there
for you
If I didn't care for you, why would I be here for you?
Your peer loyal, got the kids spoiled
On the low, I don't think I would prepare for you
You cook good, look good, boo I adore you

And if you get me mad, we won't fight, I'll ignore you
(Yeah right)

Just playing but yo, I'm just saying
I'm about to go 'cause Hi-Tek waiting
Yo son, that beat ready?
