G. Cormier

I put another tank of gas in my Chevrolet  
And I paid off all the bills that I had to pay  
I don't wanna hang around can't you see  
If the phone don't ring, you know it's me  
I've been listenin' to your lies for much too long  
And it hurt me 'cause my love for you was strong  
You were always trying to tell me how to feel  
And I thought that I could be a man of steel  
Now I'm gone this time for good  
And I finally did what I always said I would  
I took my time leavin' and baby don't you see  
If the phone don't ring, you know it's me  
(Lead)  
If you're sittin' at home hopin' I'm gonna change my  
mind  
I'm tellin' you doll that you're just waistin' your time  
I'll be ridin' on that interstate tonight  
Put my foot down on the gas and I'm outa sight  
(Chorus Twice)
