I hope this ain't a bad time, did I wake you?  
I've been meaning to talk to you, come over  
Take a walk with you if you don't mind  
I think it's time I share thoughts with you

I thought you knew my feelings, I'm making sure you  
do  
I'm sitting on my bed, staring at the ceiling, wishing  
you was here  
We could just talk while I run my fingers through your  
hair  
I'm feeling your style, your conversation, your smile

I've been patient a while, there's no escaping denial  
The waste of time we could be spending  
You told me I'm different from the rest  
And you don't even understand why you wit him

If you love him, stay wit him, if not, don't play wit him  
'Cause feelings run deep, my emotions make niggas  
Do things they might regret, I don't wanna bang wit him  
over you  
I suppose you knew

He ain't a killer, so, I'ma let you go  
Think about it, let me know  
Sometimes I wish I never met you, yo

When I met you, I didn't sweat you  
Eye contact was kinda real  
You kept it concealed, your man was with you  
You see my style, you realize I'm official

I was a face you've never seen, with a grace of a king  
I was me, and my man, Fly Tai in Fort Green  
My people recognize you, and said you only moved  
with live dudes  
And you don't let it run up inside you, time flew

We started kicking it, I'm feeling you, we intimate  
And I ain't trying to let nothing interfere wit this  
It's real what I feel, but it's quite complex

When you leave me, you with him

No, I'm stressed  
You told me he hit you  
I went for my pistol, loaded with missiles  
You said, "No Boo, you making it a whole different  
issue"

I left it alone, you kissed me  
Got dressed and went home  
Then when you just saved your man  
From getting his frame blown

But I'ma let you go  
Think about it, let me know  
Sometimes I wish I never met you, yo

I mean truthfully, you really need to know  
Usually you say, "Cory, I don't wanna let you go"  
Check it though, I know you want me  
Yet reality confronts me, you in a situation  
You know that I must leave

In order for you to grow, try to accept this  
You say I'm wrong, but in time you'll respect it  
Your needs are being met, your minds in neglected  
It's wrong what we doing, if not you would've left him

You telling me this is something you don't wanna hear  
But you the type of woman that I don't wanna share,  
you rare  
I'ma always be here, if you need me, call me  
Never think I don't care

Don't care, don't care  
Don't care, don't care  
Don't care, don't care
