Im contemplatin  
My soul is in a custody fight with god or satan  
Either rap or crack I go hard for paper  
Niggas aint even as smart as Deja  
And think they rockin me to sleep or poppin me with  
heat  
I dont even take you serious I think you envious  
I feel it I was born to deal bricks  
And come through the hood in ill whips  
The Realness  
Who you think you deal with I don't fear shit nigga  
Fuck around and get hit up  
Your blood stained the pavement like paint from a  
portrait I painted  
Your moms seen the coffin and fainted  
You're swimming with the sharks and the water is  
tainted  
If you feel it in your heart bring it  
My infrared beam is on your head  
My desert eagle severs people when I squeeze it  
I measure keys you small time barely felony  
Only big time with jealousy my mind is telling me  
Strike like a mantis  
You triflin bastards want to see me in a casket  
Stop dreamin  
Lifes a bitch I'm not leavin  
I'm not even cheatin on or bring it on so I can start  
squeezin

My nigga Biggie must have prophesized  
When he said somebody got to die  
My nigga Pac must have felt deception  
When he asked niggas do you want to ride or die

Y'all niggas better duck when you fuck with me  
Trust is a luxury I cant afford it  
So I prepare for war  
I smear the wall with you and your mans  
With plans you swear were flawless  
I turn kids to orphans and live with caution  
You can't match the status in a Jag with 10 Crack  
Commandments blazin

Fake niggas cant stand it  
I got shit established  
You're strugglin your hustlin skills are average  
Look and learn bitch my cook'll turn  
A key to a key and a half  
and he dont even use a lot of heat on the glass  
I surpass Nino blast like Carlito  
Die slow  
the fast life is evil Im designed to blow  
Like a nigga who need time on the phone  
You get it  
Forget it son Im in a zone  
Im a live nigga when I decide niggas must die  
Kiss your loved ones goodbye  
Nigga it's fucked up but its justified  
I got clips that go through brick and whips customized  
Motherfucker I  
Get money sit on bricks and 20s  
Niggas aint takin shit from me
