Pink chiffon  
Brand new evening gown  
You're all dressed up for our graduation dance

Pink chiffon  
Brand new high heels on  
This was to be  
The big night for our romance

But I guess her boy's too late  
You got another date  
But tell me what will I  
With this engagement ring  
I bought to compliment your pink chiffon  
Lovely evening gown  
Oh what a perfect picture  
You will make

In your pink chiffon  
Goin' to the prom  
While I sit at home alone  
And my heart breaks

(Yes I guess I was too late)  
(You got another date)  
But darling what will I do  
With this engagement ring  
I bought to compliment your pink chiffon  
Lovely evening gown  
What a perfect picture  
You're gonna make

In your pink chiffon  
Goin' to the prom  
While I sit at home alone  
And my heart breaks

Lovely pink chiffon
