[Lyrics: - Macey]

Your will shattered Like an egg beneath my feet
Your nature to obey Marked as a follower
You accomplish nothing Too blind to see the way
You are as sand As the wind blows

You cling to it Your faith as your shield
Against the perils Of this world
But blind you cannot see Hidden by
this guise of faith An ultimately superior Reality!

[Solo: - Macey]

My will -crushes your will Our will- sends Tidal waves of
fear Throughout your mundane empire
Unseen we reign supreme We stand ignored with sight
In your kingdom of the blind

A breed of men apart We are the ones who shape our
lives We tread our way Along these paths seldom
trodden.

[Dual Solo: - Macey/White (l-r)]
