Hey, you know  
I could stand up but I have to sit, I  
I do sit here to get another hear, I  
I will tell it better without dinner  
I only wanna, no, no, no, no, no  
I better pray to God as my lawyer says  
I got a bug heartache  
Speak of bad days  
Speak of bad days, man  
Bad days, yeah!  
I have to sit and take a look around for  
A fat man, yeah, a fat man  
I'm gonna meet, sure, another else or something  
A fat man, yeah, a fat man  
A fat man all around my little body  
Big city, save my mind  
More heavy they are more groundy I feel  
Fat man, big city  
Get flesh  
Meet meal  
Meet steaks for a flesh deal  
Meet type of big beefsteaks  
I got that idea to meet a big ham  
Fat man  
Fat man for me  
Fat man from a big city  
Sure I gotta get one  
Wao  
I gonna spend the night  
And don't ask me with who  
The great and delicious full fat bloody ball  
A brand of big pig will be allright  
Woo  
A, ah, a big pig, ah  
Big city, I feel so muddy  
Big city, save my mind!  
Big city, I feel so muddy  
Fat man, save my mind!
