I had a talk  
With my man last night  
He reassured me everything  
Was still all right

As the night grew light  
My blues got bright  
He made me know  
I was the star of the show

He said he was mine  
All to myself  
I won't if he won't  
Ever need nobody else

He took me in his arms  
And turned on my alarm  
Oh, yes, he did, yes, he did  
Yes, he did, oh, yes  
I had a talk with my man last night

I said I sat down and had  
A talk with my man last night  
He filled my heart with pure delight

He told me that he needed me  
More than words could ever say  
And then he went on to prove it  
In such a sweet, sweet way

He said never again  
Lonely will you be  
And that's when he asked  
To marry me

I began to cry  
He kissed the tears  
From my weeping eyes

Oh, yes, he did, yes, he did  
Yes, he did, oh, yes  
I had a talk with my man last night
