"Thank You For The Music"

Bye bye to my foolish
Bye bye dream travels

Thank you for giving me your valuable time

Wave your hand and turn around
Flash back to a scene from the past

Bye bye

Bye bye you and I will someday
Bye bye meet again somewhere

It would be nice if the next time we met we were smiley
Smile

Wave your hand and turn around
Flash back to a scene from the past

Bye bye thank you for the music
Bye bye thank you for the music

Adios
