Oh, love  
So glad I found you  
I thought my life  
Would always be blue

I didn't know love  
Could be this way  
I want you, my love  
To always stay

[CHORUS]  
It must be love  
I'm never gonna  
Be alone anymore  
I'm never gonna  
Be alone anymore  
I'm never gonna  
Be alone anymore  
Since I met you

I used to stay locked  
Up in my room, yeah  
All alone with just my gloom

Then you came into my life  
And gave me feelings  
Of such delight

[Repeat CHORUS 2x]

It must be love  
I'm never gonna be  
I'm never gonna be  
I'm never gonna be...
