### **"It's Gonna Make Sense"**

Life comes in many shapes  
You think you know what you got  
until it changes

And life will take you high and low  
you gotta learn how to walk  
and then which way to go

Every choice you make  
when you're lost  
Every step you take  
has it's cause

*[Chorus:]*

After you clear your eyes  
you'll see the light  
somewhere in the darkness  
After the rain has gone  
you'll feel the sun comes  
and though it seems your sorrow never ends  
someday its gonna make sense

Tears you shed are all the same  
when you laughed 'till you cried  
or broken down in pain

All the hours you have spent in the past  
worrying about  
a thing that didn't last

Everything you saw  
played a part  
in everything you are  
in your heart

*[Chorus:]*

After you clear your eyes  
you'll see the light  
somewhere in the darkness  
After the rain has gone

you'll feel the sun comes  
and though it seems your sorrow never ends  
someday its gonna make sense
