Can I act like an angel  
if I live like a jerk  
Can I keep on disguising  
Can I make believe  
that I don't deceive  
No..no..no

[Chorus:]

Send the wild women out the backdoor  
My wife is knocking at the frontdoor  
They made me a winner they made me a sinner  
I don't know what to do  
Dirty money in the left hand  
While the preacher's shaking my right hand  
They made me a winner they made me a sinner  
I don't know what to do

When I'm riding on top of  
the wave of success  
Will I lose my devotion  
Will I fail to see  
what I used to be  
oh..oh..oh

[Chorus:]

Send the wild women out the backdoor  
My wife is knocking at the frontdoor...

I'll have to carry on  
as two persons in one
