Swim to shore  
We two  
Pet the kids  
Whe who  
Lose our way  
To drunk  
Scream and shout  
Go hide  
With you who fall me too small,  
Can I try make it good again  
Sin for you who they will find your way  
While go way nice and dark come back  
Home  
Swim to shore  
We two  
Pet the kids  
Whe who  
Lose our way  
To drunk  
Scream and shout  
Go hide  
With you please fall me who so small can  
I try make it burn again  
Sin for you who they will find your way  
A while go way nice and dark come back  
Home
