Who's got the flava?

Make the beat rough

F-L-A to the V to the A

Check it out, check it out

(repeat four times)

Yo! Who's got the flava?

Feel the fever of the flava

Lets me see you

Pumpin', jumpin'

Up and down, around and around

I'm platinum bound,

tell me how that sounds

We're bringin' together some of the funk

that keeps you groovin'

It's guaranteed the flava tracks will keep you movin'

And I know that you knew it

Cause I cut it, coming at ya, boo ya, we're gonna get ya

You got to move to the rhythm, let the music flow

Got to leave all your troubles behind

Everybody take a chance and get on up and dance

Ain't no stopping, we can do this all night

CHORUS

We got the flava

Groove with it, move with it

Flava

We can make it smooth

We got the flava

Move with it, groove with it

Flava

Let me see you move

We're reigning supreme there is now equal

The MC bringing a smooth flow for the people

My name is Spice and I got the flava of salsa

We'll hit the floor and give you a taste of the flava

We wanna see ya feel the flava of the funk ya

So make a move so I can prove that we can groove ya

So check the tracks that I bring

Cause everybody know it's a flava thing

This ain't nothing but a party meant for everybody

Doesn't matter if you're black, white, or brown

When you hear the music pumpin', everybody's jumpin'

Make your move, get on up and get down
