We both had it all
When we found each other
Tell me what went wrong?
I never thought I could love another
Somehow we grew apart
I'm not sure when it happened
All I know is someone took me
Away from you
And showed me the way love's supposed to be
But it doesn't mean
That he's the right guy for me
And that's why I had to let you know
CHORUS
That goodbye doesn't mean I'm gone
My love is everlasting
Goodbye won't mean we're apart for too long
My love is everlasting
When you're all alone, remember I still love you

We shared some good times
And I can't believe that we're really through
'Cause now you're with someone else
Does she treat you better?
Let me know if she's ever, ever untrue
And I'll show you the way love's supposed to be
'Cause being away, it did some good things for me
And that's why I had to let you know
(CHORUS)
No, no, no
We'll both know the way love's supposed to be
'Cause being away, it gave us both time to see
And that's why I couldn't let you go
(CHORUS)
You don't have to say goodbye
My love is everlasting, etc.
(Repeat until fade)
