Mo-Rush Sen10r Year....Nune and Ecienaj I did this for
yall...they dont call me Mo-Rush for a reason this is
what i do this is my life this is who i am an this is the
story of my lifeÂ...Â.....

GOD I wanna be a prophet
But I hope the recession dont hate me
For what I profit
Why is there a such thing as a hater
I jus want them to stop it
Now-a-days thugs wanna play tag
I jus say not it
I got the money and the fame
Sidenote lots of traders
Put me down didnt believe
Yea my haters
They say" Mo-Rush you the man"
But the words they say I dont understand
Girls used me for what they needed
But when I gave them the number
They didnt keep it
They say they want some MO (rush)
I had to give it to her
Didnt kno she was a hoe
Strange thing her appartment number
Was 304
Mo-Rush Sen10r Year lets go....
