Climbing the mountain no hiker  
Living strong no biker  
Aint blowing but  
I'm still higher  
Than you  
Life moves on and I'm packing my stuff to travel to  
Lames playing games  
No clue  
Talking up time  
Now ya bill is due  
Money to the celling  
The cups we be filling  
At the mall steady spending  
Good life is how we living  
Yo girl got a feeling  
Joker joker no villian  
It's past the dark knight  
And I'm still killing  
So rich people it's supper time  
Bad girls it's clapping time  
Haters this time is mine  
If you back off that's fine  
Steady realing ya girl in  
Fishing line  
The race just started and I'm at the finish line  
Which means I'm in first place  
Ask ya girl I didn't have to do much  
To get to second base  
All truth no need for a jury to close this case  
Tomorrow is yesterday and today's present  
I'm flying your lower than the cement  
And when I hit it there's a indent  
Critics and the skeptics  
Line up in a row  
Started from the bottom  
Now it's time to glow
