One two LET'S GO!

All that I need is to be loved

Can't you take this out of me?

All I want is to be near you

Oh dear god won't you please heal me?

Love!

All that I love for is to live

Can't you make me out of this?

All I love for me to be with you

Oh my god won't you please heal me?

Love!

So long

In my hands

Fell her

So it's gone

Fell lone one

My hand

Said no one understand

When I was here

So low

What I was saying

So it's gone

So I go

Loves her, gone

I said it's no too, one two, one two fuck you!

NO

All that I need is to be loved

No, no, no, no, no, no, no, no, no

Thank you very much, my name's Moby
