One things for sure  
Well we got soul

It's a jam for the ladies and the superstars  
I could leave the whole set but never go too far

If you're from where-ever to where-ever you are

Get yer jam, get it on  
Superstar

Jam on

If you're from where-ever to where-ever you are

(MC Lyte, would you put it right)

Everybody moves  
I paid my dues  
You pick and choose  
I stick and move  
Yes yes y'all  
It ain't gonna stop  
The ladies  
Keep rippin' the spot  
Now men what you heard  
'Cause women are comin' up  
Keepin' it raw  
Sexy and rough  
Fly from the top  
To the bottom it's gonna be  
Cut 'em, gut 'em, we got 'em  
It's like the old leagues

It's a jam for the ladies and the superstars  
I could leave the whole set but never go too far

(Do it superstar)  
(Jam on, jam on)

If you're from where-ever to where-ever you are

(MC Lyte, do it right)

You know I can't stand to be held back (it's so fly)  
And all the ladies y'all got my back yeah  
Even when we're solo in action  
We come together like six sets of jacksons  
For the ladies and a superstar  
Lyte leave the set but never go too far  
I toured the world but i'm rollin' it now  
Don't want my girl to brag, eve was holdin' it down  
Jam for the ladies, we putting it down  
Snatchin' the crown 'cause we fend for high ground

It's a jam for the ladies and the superstars  
I could leave the whole set but never go too far (Jam for  
the ladies) (Do it superstar)
