All that we needed was right  
The threshold is breaking tonight

Open to everything happy and sad  
Seeking the good when it's all going bad  
Seeing the sun when I can't really see  
Hoping the sun will at least look at me

Focus on everything better today  
All that I needed I never could say  
Hold on to people, they're slipping away  
Hold on to this while it's slipping away

All that we needed tonight  
Are people who love us and light  
I know how it feels to need  
Oh when we leave here, you'll see

Open to everything happy and sad  
Seeking the good when it's all going bad  
Seeing the sun when I can't really see  
Hoping the sun will at least look at me

Focus on everything better today  
All that I needed I never could say  
Hold on to people, they're slipping away  
Hold on to this while it's slipping away

So long  
So long

Open to everything happy and sad  
Seeking the good when it's all going bad  
Seeing the sun when I can't really see  
Hoping the sun will at least look at me

Focus on everything better today

All that I needed I never could say  
Hold on to people that slipping away
