Like the whispering wind
You sent to me
Like the hopeless time
You gave to me
I watched your dreams
All slip away
I watched your dreams
All slip away

There's a hopeless place
Inside my heart
When I look inside
I see where we are
Like the whispering wind
In the top of my trees
I will watch the sky
Come following me

Like the rain on my windows
Late every night
Like the hope I have for us
Every time
It's like the whispering wind
In my top of the trees
I see it sway
As you come for me

There's a whispering wind
I feel it inside
Like a place I can feel
But never will see
Let a whisper come touch you
Come touch everything
I stand in the way
Of the things I can be

Let the whispering wind
Come lift us away
Let it push us apart
If we wish to stay
You're my sweetness, my baby
My love for all time

Like the whispering wind
It makes you all mine
Like the whispering wind
You stand here with me
Like the whispering wind
You stand here with me
I see your dreams
All slip away

Slip away
Slip away
Slip away
